

IS Terrorists in GVA vs. French Actress Juliette Binoche

While IS terrorists penetrated Geneva yesterday evening, Juliette Binoche participated to the Black and White Diamond Ball.

The French Actress was the guest star of the Black and White Diamond Ball organized by L.Raphaël Genève in collaboration with Chopard.

The Artvera Gallery located in the old part of town hosted the event where Juliette Binoche was adorned with 25 carats of diamonds set on platinum earrings and a 3 carat pear-shape diamond ring. She was warmly welcomed by the Swiss press and Geneva crowd.

Listening to live singers who all came from Israel, everyone enjoyed the runway of 5 models dressed like Catwoman with black leather one piece... to the difference that they were all wearing pieces of the Chopard Haute-Joallerie collection!
